### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney or Record, Dean Watson on August 2, 2004.

The application has been amended as follows:

- Claim 27, line 2, change “*and/or*” to *-or-*

#### ***Allowable Subject Matter***

Claims 1-3, 5, 9-16, 19-27 are allowed.

The following is an examiner's statement of reasons for allowance: The art of record, considered alone or in combination neither anticipates nor renders obvious a drum shredded comprising *a tapered cutting drum within a housing and a bellyband that partially wraps the tapered cutting drum* in combination with the rest of the claimed limitations. Morey discloses a cylindrical drum having pockets rotatably mounted within a housing, Lapointe teaches a tapered cutting drum having slots/thru-openings rotatably mounted within a housing and Plough teaches a substantially solid tapered cutting drum rotatably mounted within a housing, however the references neither teach nor disclose any motivation or suggestion to combine. Accordingly the claims are allowable.

Art Unit: 3725

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
